Our National Usury.
Britain Wants a Lottery.
Flowers and a Snake.

By ARTHUR BRISBANE.
(Copyright, 1929, by King Features Syndicate, Inc.)

W. C. DURANT told many Americans via the radio. "The Federal Reserve Board is alone responsible for the highest interest rates ever prevailing in prosperous times."

If Mr. Hoover's problems are complicated by a widespread panic, he will know whom to thank for the panic.

First in responsibility are the millions that gamble in stocks, when they ought to be attending to business.

And second, lower, the Federal Reserve that has encouraged usury, of which the "respectable financiers" that practice it ought to be ashamed.

Interest rates that national banks may charge to anybody under any circumstances should be fixed by federal law.

Banks that earn more than 200 per cent a year should be satisfied with 100 per cent, or even less.

LAWYERS interested in expensive litigation run our courts and we have a shameful system of expensive delayed justice.

Bankers interested in usurious interest rates run the Federal Reserve. And that institution, supposed to protect the country from panic, is called a menace, by respectable business men.

BECAUSE the London Stock Exchange charge derby sweepstakes amounts to \$5,000,000, the British government is advised to establish a lottery on the derby, using the profits to relieve taxation.

VIRTUE protests, but the government lottery would be nearer to a fair bet than bookmakers offer. And, since fools will squander hundreds of millions in gambling, perhaps the government might as well take part of it.

Americans give their bookmakers \$300,000,000 every year.

IN GENEVA a divorced woman, jealous of her husband's second wife, sends her some flowers, plus a poisonous viper hidden in the box. The snake arrived dead, fortunately, but frightened the second wife so badly that premature birth of a child resulted.

The snake sender, who confessed said she could not bear the thought of that child.

The doctor will be notified to appear and testify at the hearing if a plea of 'not guilty' is entered."

MIGHTY BABE RUTH WEDS AT DAWN IN EAST

Home Run King Fails to Outwit Newspaper Boys.

BRIDE IS PRETTY

"I've Got New Manager," Says King Of Swat.

BY DAVID P. SENTNER.

(N. Y. Staff Correspondent.)

NEW YORK, April 17.—Babe Ruth, the well-known club man, was married at dawn today. It was a quiet ceremony—except for the flashlights.

The bride was dark-haired, pretty Mrs. Claire Hodgson, former actress, and was not as tall as George Her-

man's favorite baseball bat.

"I've got a new manager now," said the Babe with a boyish grin after the simple ceremony and low mass at St. Gregory's Roman Catholic church.

Then the big fellow kissed his new manager.

RAIN PREVENTS YANKEE GAME

NEW YORK, April 17.—(INS.)

—Cold and wet grounds caused the postponement of the game scheduled today between the New York Yankees and the Boston Red Sox.

BOSTON, April 17.—(INS.)—

For the second time within as many days, the opening game of the major league baseball here, between the Brooklyn Dodgers and the Boston Braves today was postponed until tomorrow because of rain.

Flashlight Booms in Church.

The Babe got up early to do the trick. But not early enough. He had set the ceremony for 6:30 o'clock this morning in an informal invitation to newspapermen issued through his syndicate manager, Christy Walsh.

But Babe jumped the gun and the ceremony was over at 5:55 a. m.

Perhaps just to show that the boys were on the job, a flashlight boomed in the church as the Babe asserted, "I do."

Mr. and Mrs. George H. Lovell, of Scarsdale, were respectively best man and matron of honor at the ceremony.

Mrs. C. L. Levitt, the mother of the bride, and the bride's brother were in attendance. Other guests included Mr. and Mrs. Rosenzweig, Emery C. Perry, of Chicago, and fellow parishioners of the bride.

None of Babe Ruth's comrades on the New York Yankee baseball team were discernible. Even Lou Gehrig, Babe's "buddy," was absent.

"I got up too early for them, I guess," chuckled the Babe.

Cameras and Rain on Job.

The bride was dressed in a purple georgette dress with steel beads. She wore a purple hat to match, nude stockings with black suede pumps. A necklace of large pearls gleamed from about her neck.

The bridegroom wore a navy blue sack suit and a dark tie.

The bridal party arrived as dawn was just about coming up to bat. The Babe looked surprised to see the circle of cameras set up at the entrance to the church.

The rain was coming down regularly and the members of the party used umbrellas to shield themselves from the downpour and the camera flash.

To address the officers and teachers of the Sunday school, the Rev. Dr. P. H. Welshimer, pastor of the First Christian church of Canton, will speak at the First Church of Christ, East Fourth street, tomorrow night at 7:30 o'clock.

He spoke on Tuesday night at a joint meeting of the official boards of the Disciples of Christ of Greater Cleveland at the Franklin Circle Christian church in the Forest City.

HASKIN DAILY LETTER
By Frederick J. Haskin
WASHINGTON, D. C., April 17.—"It is not what a
thing is but where it is which determines its price," de-
clared Roscoe Conkling many years ago and that law of
economics still holds good and is found by President
Hoover to be especially applicable to farm products. A
single potato, cooked, furnished, and elaborately served
on the plate of a diner in a fashionable hotel will cost
as much as a whole bushel of potatoes on the farm.
Recognizing the force of this principle, President Ho-
over has laid down as one of the tasks for the congress,
which is just opening its first session, the formulation
of plans for better transportation facilities for farm pro-
ducts. Rail transportation has been developed to a point
at which there seems little present opportunity for im-
provement. Highway improvement has brought motor
truck transportation to a similar position. There seems
little prospect of materially reducing the cost of trans-
portation of farm products by these means. But water
transportation, slower, but the cheapest of all, is turned
to by President Hoover as a source of relief.
Readjusting tariff rates on the produce of the farms
on the one hand, and on the other, rates on imports of
goods which the farmer must buy, is one of the im-
mediate steps to be taken in the Hoover triple-barreled plan
with a long range proposal for permanent betterment.
The third section of the Hoover relief plan provides for
another immediate step, the erection of farmer-controlled
stabilization corporations.
One stabilization plan enacted by congress has been
voted by President Coolidge—the McNary-Haugen
plan. The objection there was to the participation of
the government. The payment of an equalization fee
which would be a sort of subvention to the farmer was
objected to on economic grounds. President Hoover
shares of Mr. Coolidge's disbelief in any such paternalistic
measure. He is a believer in the adage that "The
Lord helps those who help themselves" and therefore
he is advocating as the third section of his farm relief
program the formation of stabilization corporations which
will enable the farmers rather than the government to
bring real farm relief.
Let us examine the manner in which the proposed
farmer-controlled stabilization corporation would work.
It is axiomatic that the laws of supply and demand govern
prices and especially the prices of farm products. The
theory of the stabilization corporation is that when there
is an overproduction, the surplus, instead of being sac-
rificed at any price it will bring, should be financed and
carried over to fill the increased demand when the in-
evitable lean season of short production comes along.
As matters now are conducted, bumper crop years means
that prices go down to less than the cost of production
while in years of short output the prices soar to a point
at which the farmer is enriched but the city dweller is
burdened by an increased cost of living. The stabilization
corporation is designed to smoothen out these ups and
downs, giving the farmer a steadier income and the con-
sumer a more firmly established price.
This can best be understood by taking an example, for
instance, cotton.
In 1920 the cotton crop was 13,440,000 bales and the
price \$59.47 a bale. The next year production was only
7,954,000 bales. The price rose to \$89.96. A certain
amount of cotton is carried over each year to be added
to the new crop coming on. The extent of this carry-
over strongly influences the price for the next and suc-
ceeding years. Although in 1922 cotton production was
well above the previous year, amounting to 9,755,000
bales, the carry-over had been so slight that the price
rose to \$119.01 a bale. It will be observed that in two
years, 1921 and 1922, the crop was short—under 10,
000,000 bales.
Then, in 1924, came a big crop of 13,628,000 bales. This
began to meet the demand and the price dropped to
\$113.07 per bale. Again in 1925 production jumped to
16,104,000 bales and the price dropped to \$99.91. In
1926 we produced the record crop of 17,977,000 bales
and the price went down to \$54.66. In 1927 the produc-
tion dropped to 12,789,000 bales which brought the price
up to \$98.02 and in 1928 a 12,860,000 bale crop raised it
further to \$100.90.
Had a stabilization corporation been operative, it
would have bought up surplus cotton in the bumper
years when the large supply so greatly depressed the
price and held it in warehouses against the coming pe-
riod of greater demand. Managers of the corporation
would have dealt the cotton out as the consumers de-
manded it but would not have dumped it and thus broken
the price.
President Hoover would have congress pave the way
for the organization of such stabilization corporations.
Local cooperatives would handle the crops and when
there was a surplus arrangements could be made to ware-
house the surplus, financing the transactions through the
intermediate credit banks. Some treasury money might
be put into a revolving fund to be lent when the market
was low and it was necessary to store crops and paid
back when prices rose and the stored produce moved to
liquidation. Thus the treasury would not be out a penny
but would actually earn interest, farm prices would be
maintained at a fair and remunerative level, and the
farmer would be in control of his own economic situa-
tion.

NEW YORK Day By Day
By O. O. McIntyre.
NEW YORK, April 17.—No street
seems able to maintain its aura of
glamour like old Broadway. All over
the world it is a symbol for the glorified
Main Stem—"the street that
whips the universe." And no one is
quite so incredibly sentimental about
the thoroughfare as the New Yorker.
He will choke up over its fair
weather fellowship, snivel over its
two minute enthusiasms, rhapsodize
over its gaiety and gulp a tear-jerking
thriller for its broken hearts. Broad-
way is Nirvana and George M. Cohan,
who spends all the time he can spare
in a Long Island village, is a god.
The Broadwayite, suckled in an
outworn creed, will still sing of bright
cafes, magnificent theaters and lux-
urious night clubs along the bright
trail. The truth is, most smart cafes
are east of Fifth avenue, all theaters,
save one or two outmoded structures,
are in side streets, and most night
clubs jutting on Broadway are "take
points."
The New Yorker is actually more
dazzled by Broadway lights than the
country cousin. As the whitest white
way in the world, it is brilliant as an
unshaded electric light is brilliant
and oftentimes exciting. But as the
Broadway of mawkish sentimental-
ties it is just a lot of peanut brittle.
Outside of a few stupendous mo-
tion picture cathedrals, two or three
first-class hotels, Broadway has be-
come a mere quick succession of pho-
to parlors, orange drink stands, souv-
enir and magic shops, chain drug
stores, chop sueys, waffle parlors, cut
price haberdasheries, upstairs tailors
and down cellar pool halls.
It has the kaleidoscopic coloring of
a fire works exhibit and is interesting
in the same way a circus side show
attracts. Nor is it the so-called na-
tional playground. It is more the
museum. The veriest celluloid col-
ored yokel does not go to Broadway
for his frolic. He goes to gaze.
But the metropolis in its pretense
about Broadway is no different from
any other large city. Each has the
glorified promenade used as the peg
upon which to hang traditional myths.
And it may be said of Broadway that
it assays highest of all in the spec-
tacular.
A New Yorker in high shoes is an
oddy. On the coldest day last win-

Compliment To Dawes
The United States senate paid a compliment to its
former chieftain yesterday afternoon when, without a dis-
senting vote, it speedily confirmed the nomination of
former Vice-President Charles G. Dawes, a native Ohioan,
as ambassador to Great Britain. The vote on the gen-
eral's name was called shortly before President Hoover
sent the nomination, and in jigtime there was unani-
mous approval of the man who relinquished the sena-
torial rostrum only six weeks ago.
Dawes' nomination as the successor of Ambassador
Loughton, who made a splendid record at the Court of
St. James, was popular abroad, as well as at home. The
British government expressed its gratification as soon
as inquiry was made regarding the appointee.
In London, General Dawes is held in high esteem. In-
dicative of this fact is the comment of the London Times
which says editorially:
"This appointment is the first act of President Hoover
bearing directly on the relations of the English world,
and it will be universally interpreted as full of promise
for the four years ahead. The president could not have
proposed a name more acceptable to this country or
better known in it. It is already familiar in our mouths
as a symbol of the victory of reason and of the power
of united action to procure it, and the personality be-
hind the name may be trusted to establish itself here
in the same warmth and favor of good feeling that it has
won among General Dawes' fellow-countrymen."
The London Daily Express and Morning Post are
equally warm in commenting upon the nomination, and,
while there is no delusion regarding the sturdy Ameri-
canism of the former vice-president, the consensus of
opinion is that he will bring about a better understand-
ing between the two great English-speaking peoples.
And, too, it is agreed that he will be frank and straight-
forward in his diplomatic relations, for he will say what
he thinks, and mean what he says.

four years. The other cabinet members serve at the
pleasure of the president.
Q. What sheep has the most wool? J. J.

proportion to the weight of the body.
Q. What kind of a school is the Massachusetts Nautical

Q. Is color blindness always congenital? A. K. P.
A. Sometimes color blindness is acquired. It is then
a symptom of diseases of the optic nerve and retina.
Congenital color blindness usually affects both
eyes and is often hereditary, and may be partial or com-
plete. It occurs in eyes whose power of vision may be
otherwise perfect, but errors of refraction usually co-
exist. Acquired color blindness may result from disease
or accident.

YOUR HEALTH
An Ounce of Prevention Is Worth A Pound of Cure.
By Dr. Royal S. Copeland.
Some days ago I had occasion to
mention the report of an address made
by a noted neurologist. This doctor
is quoted as saying that "the fate of
a child destined for insanity is sealed
before its birth."
It is not fair to draw conclusions
without a full reading of the address.
It may well be that this single sen-
tence does not do justice to the doc-
tor's real meaning. I hope it does
not. Life would be seriously marred
if there were no hope of escape from
the thralldom of heredity.
I have too much faith in Nature,
as well as in science, to believe that
a baby is predestined and foreordained
to the damnation of insanity. Admit-
ting the menace of a bad family his-
tory, I am bound to believe that insan-
ity is not inevitable.
A further reading of the newspaper
report gives a glimmer of hope. The
doctor does admit that "a good en-
vironment will keep straight a child
who might go wrong in a bad envi-
ronment." With this I am in full
agreement.
It is tremendously important to
"bring up" a child right. The speaker
I have quoted uttered timely warning
to "mothers who are too fond of their
children."
"For single children," he said, "con-
tribute to an unusually large percent-
age to the number of adolescent in-
sane. The only child is prone to have
a bad environment, due to being loved
too much, with the selfish love of a
mother who has only one child."
No serious minded and thinking
person can doubt the importance of
discipline. To remove the hand of
authority from the training of a child,
is like removing the balance wheel
from the watch. Without it, the
watch will run at terrific speed and, in
a minute or two, turn the handle about
the dial as only twenty-four hours of
time should do.
The eating habits, respect for mor-
als, the control of the emotions—all
these are established in the home.
Without proper training in youth, I
agree that the bad heredity of the
child will assert itself.
Mother love is the most compelling
and most sincere thing in all the
world. It always hurts me to say
a thing that may offend a devoted
mother. But we must admit that

Alimony Tide Turns
It looks like a hard future for gold-digging wives who
obtain divorces chiefly for the sake of the easy living
which alimony will bring them. The tables are turning
in favor of the husband, who until recently has been
compelled almost universally to support his ex-mate, no
matter which was to blame for the marital rift.
Five states already have passed laws allowing courts
to grant alimony to husbands where the wife is at fault
in the divorce and where there are children to be sup-
ported, several others now deny the wife the right to
recover alimony where she is to blame for the divorce,
and now a national agitation is under way to abolish
alimony where the wife is young, able-bodied, childless,
and particularly, where she is responsible for the divorce.
Joseph P. Pollard, widely known lawyer and writer,
points out this change in an article written for North
American Review, in which he characterizes the present
divorce laws of a majority of the states as archaic.
A big percentage of divorces, he maintains, are trace-
able to wives who deliberately bring them about in order
to insure themselves a livelihood without either work
or marriage obligations.
Wives now are able to control and dispose of their
property, the same as if they were single," he points
out. "They are able to enter business with the same
facility as their husbands. They are entitled to vote,
hold political positions, serve on juries and do count-
less other things forbidden under the old laws. But
where rights have emerged from the statute books, the
corresponding duties have not. Woman's late freedom
has given her not economic equality, but economic
superiority. For the purpose of winning financial profits
from marital strife, she still can jump back on her an-
cient pedestal and strike her ancient pose."
He points to Wisconsin where the law now enables
the husband to exact alimony when the wife is at fault
and there are children to support. In California, a hus-
band can be granted alimony if he is the innocent party,
even though there are no children. Similar laws are
now effective in Oregon and Iowa, while in Washing-
ton a wife can be held equally responsible with the hus-
band for the support of the children.

Well, to be homely about it, would
you expect the club president to fly in
a temper because one of its club
members failed to take the part
assigned at the proper time?
Of course, not.
You would expect to see dignified
control and the ability to pass over
petty things without making a fuss
during a meeting.
In fact, you would expect the head
of any organization to which you be-
long to show enough reserve force to be
unruffled by annoyances which sur-
prise the best ordered houses.
Yet you fly in a tantrum when
things don't go your way.
A thoroughbred never loses his or
her sense of dignity.
In fact, no matter how apparently
frivolous or carefree at times, the
thoroughbred is never surprised into
exclamations of temper or displeasure.
It takes practice; you can't begin
too early to exercise self-control.

Safety At Sea
The present week witnessed the opening in London
of the "International Convention for Safety of Life at
Sea," which is expected to ratify an international agree-
ment looking to the result indicated by its name. The
agreement was originally drawn up in 1914, but was
never placed in force owing to the breaking-out of the
World war. The original conference was called as the
result of the sinking of the Titanic with its appalling
life loss. It is something of a coincidence that the pres-
ent conference was called so shortly after the Vestris
sank off our eastern coast, taking with her 110 of her
passenger list and members of her crew.
It is said to be the very general view of marine ex-
perts that, despite all the many devices which have been
introduced to safeguard travelers at sea, the surest way
to lessen the possibility of life loss is to make ships
as nearly unsinkable as possible. It is the existing view
and belief that, while there can be no such thing as an
unsinkable ship, the nearer the approach to it the greater
is the chance of saving the lives of those aboard should
accident occur; that even in cases where it is neces-
sary to take to lifeboats, the longer the vessel remains
afloat, the greater is the chance of lowering and filling
them safely.
While comparatively little of the shipping of the world
is American, we of America have an interest in the Lon-
don gathering for the reason that we of all the world
are most given to ocean travel—a million sea voyages
were made by Americans last year—and the further reason
that, whatever the conclusions reached by the con-
ference and the consequent safety measures agreed to,
knowledge of them will be had before the work of con-
struction of the big, fast liners planned by the United
States Lines, Inc., is inaugurated, and thus they will be
at the date of their launchings in full accord with all
that is deemed best to prevent loss of life at sea.

"IT" GIRLS SCORE IN "WILD PARTY"

No more ideal play for the animated talents of Miss Clara Bow has ever been chosen than her latest vehicle, "The Wild Party," now at the Ceramic theater.

"The Wild Party" is a vivacious, fast-moving, all-talking production based on the story by Warner Fabian, famous author of popular novels of the jazz age.

There are several real wild parties in the play, and their watchword seems to be, "When better whoopee is made, Clara will make it."

Girls who are known throughout filmdom for their "It" qualities take part in the production. Dorothy Arzner, director of the picture, spent considerable time selecting the desired types of whoopee-making pep sisters to fill the roles of members of Clara's "gang" in the play.

SINGING, DANCING FILM AT STATE

Charles King celebrated star of many musical comedies and popular baritone of Broadway, made his screen debut in Metro-Goldwyn-Mayer's all-talking, all-singing, all-dancing production, "The Broadway Melody," now playing at the State theater. So successful was this first screen portrayal of his that he has been given a long-term contract by MGM and will appear in several musical comedy films in the future.

This gorgeous dramatic sensation, filmed with the flare and tinsel of Broadway's backstage life as a background, features Anita Page and Bessie Love in a "sister act" with a bevy of chorus girls straight from the stage in a beautiful musical comedy. But there is much more to it than its musical revue episode. The plot is a dramatic one interspersed with heart throbs, pathos, tears, romance, laughter and philosophy, a certain stoical philosophy founded on that age old slogan, "the show must go on."

KEEP LOOKING YOUNG

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 15c, 30c and 60c.

LIKE to have plenty of suds when you're bathing? Then don't bathe in hard water—city water as it comes from the faucet. Soap combines with the hard water, and forms a dirty ring around the edge of the tub. That's scum. And that's certainly not pleasant. Hard water can be made soft. Just put Melo in the water and you have a very remarkable cleaner, with or without soap. Then watch the soap lather! Then watch the suds come! Then watch the scum go! KRAMER SCOTT FORFEITS \$56

Police Arrest Three Men In Billiard Parlor Raid.

Kramer Scott, employee of the Grand Allard parlor in the Diamond, forfeited \$56 when he failed to appear before Municipal Judge J. C. Hanley today to answer a charge of gambling by playing "high pill".

Thomas McDonough, said by police to be the proprietor of the establishment, is at liberty on his own recognizance pending a hearing upon a charge of possessing baseball pools. Earl Miller, who, police say, was paid 35 cents for acting as a lookout at the second floor entrance to the pool room, forfeited \$16 when he failed to appear for a hearing on a charge of interfering with an officer.

The three men were arrested in a raid made by Captain Conley and Patrolman Curran at 10:50 o'clock last night. Police said that a "high pill" game was in progress when they entered. Two cards of baseball pools were found under the counter of the establishment, police said.

Barber shop of Kinney Lewis, Dresden avenue, was also the scene of a gambling raid made by Patrolman McFarland at 5:30 o'clock. Lewis was fined \$56 for permitting gambling, while Albert Hargreaves, Nathaniel Sims and George Powell, alleged participants in a card game, forfeited \$16 each. Twenty-five dollars of Lewis' fine was suspended pending good behavior.

Traffic charges were filed against three motorists today. Mrs. Nellie Lemmer and Mary Irwin, who are alleged to have parked their automobiles in a restricted zone in East Sixth street, forfeited \$2 each. Carl Gamble, who was arrested in Walnut street by Fireman O'Rourke on a charge of reckless driving, had not appeared for a hearing up to the noon hour today.

101 RANCH SHOW CAR VISITS HERE

Circus paste brushes are slapping against billboards, dead walls and fences today, but they're beating a new tune—the rousing song of cowboys and crack cavalrymen, Indians, Cossacks and frontiersmen, for Miller Brothers' 101 Ranch Real Wild West Show comes to East Liverpool Monday, May 6, for two performances, afternoon and night, at Columbus park, East End.

The big show's No. 1 advertising car, Max Fletcher in command, with 50 billposters, lithographers and banner men on board, is here today to bill the wild west show.

Miller Brothers, who own the famous 101 Ranch, have added a rodeo and Far East, presenting features and novelties.

Famous Indian chiefs and warriors will be found among the 200 redskins with the huge western troupe, and the cowboys and cowgirls are of champion rating in rough riding, broncho busting, roping and bulldozing.

There are 1,100 people with 101 Ranch.

RAIDERS SEIZE "WISCONSIN BEER"

HUNTINGTON, W. Va., April 17.—Following announcement that "Blatz Wisconsin-made" beer contained 2 per cent of alcohol by volume, prohibition agents swooped down upon a warehouse here and seized 2,800 bottles of the alleged beer. They announced today they would serve a warrant charging illegal possession of intoxicating beverages on Chris Gragg, of this city, who is said to be district manager for the Blatz Brewing company, of Milwaukee, Wis.

T. A. Borradale, state chemist, made an analysis of the beer and said that it tested an average of 2 per cent by volume, and illegal alcoholic percentage.

TWO FUGITIVE CONVICTS NABBED

MANSFIELD, O., April 17.—(INS.)—Harold Johnson, Wilmington, and Raymond Dorris, Toledo, escaped convicts from the Mansfield reformatory here, who are believed to have stolen the pouch of mail from the Pennsylvania railroad station here, were cornered and captured in a deserted school house near here today.

The men offered no resistance. Police are questioning them in connection with the theft of the mail sack, which was stolen from the station platform here early yesterday morning. The value of the pouch has not been estimated.

then will "be heard around the state," Farm Leader Opposes Bender Plan Representative H. F. Ault, Mt. Gilead, who is serving his fourth term in the house, and who is one of the outstanding farm leaders in the legislature, declared he "was hard against" the Bender referendum.

R. D. Williamson, Xenia representative, declared that "Bender has started something that he never will get by with."

Urban's member in the lower house, William Guard, stated, "It would give the big cities absolute control of the legislature and as the city populations are largely foreign, this would amount to alien control."

Senator Paul M. Herbert, Columbus, who has always been a staunch supporter of Bender in the senate, said that while he feels that the referendum is "entirely right in principle," he is not sure that "sentiment is sufficiently crystallized to warrant its coming up for a vote at this time."

That seemed to be the sentiment of all of the legislators and it darkened the prospects for passage of the Bender referendum.

Unless the governor recalls the 1928th general assembly into "extraordinary session" to transact some specific business or to meet an emergency, the present legislature will never meet again.

June. The ministers so delegated are the Rev. H. C. Foster, of Bethel church; the Rev. W. S. Martin, of St. Paul's; the Rev. W. S. Rechner, of Mingo Junction; the Rev. Pearson, of Hopeville; the Rev. F. O. Wise, of Toronto; the Rev. H. A. Rea, and the Rev. W. A. Condon, of Uhrichsville, Ohio.

The lay delegates to the synod are: J. C. Patterson, of Uhrichsville; J. H. Mosel, of Steubenville; Harry Hill, of the Emmanuel Presbyterian church, of East Liverpool; L. Dallas of Irondale; E. P. Boggs, of New Harrisburg; and D. M. Orwick, of Harlem Springs.

Addresses by the Rev. Angela Bonacci and the Rev. Albert Dalbogi, pastors of Faith Mission and Church of Our Saviour of Wellsville and Steubenville, respectively, gave data regarding the progress of the Italian mission in the presbytery.

Plan Evangelistic Campaign.

Outstanding among the consummations of the presbytery before the taking of a recess for last night to the Westminster Presbyterian church in Steubenville for the ordination as minister of the Rev. Frederick Cropp, son of one of the elders of that church, was agreement to plans by the Ohio Synodical Evangelistic committee for a month's campaign throughout the presbytery next fall.

As arranged the campaign will begin on October 14 and will continue until Nov. 3 and will coordinate with others throughout the state.

From Oct. 14 to Oct. 20 the churches in villages and country will be engrossed in activities planned; from Oct. 21 to Oct. 27 those in the various county seats of the state will be entered in the movement and from Oct. 27 to Nov. 3, all churches in cities will come under the departure.

Day of Prayer Proposed.

All of the ministers of the state have agreed to give one week of their time in the work of preaching. They will be assigned to various churches by the evangelistic committee of which the Rev. Mr. Higley, of Cleveland, is the chairman.

To further the departure, clerks of the various sessions of the churches will enter records of the cooperation.

As a preliminary to the movement the entire synod of Ohio will utilize Monday, October 7, as a Day of Prayer for the success of the evangelistic departure.

Supplementing this initial Day of Prayer will be home or cottage prayer services in all of the church communities during the entire progress of the campaign.

Then, on October 13, the laymen will make a house-to-house visitation for the purpose of interesting those without the church fold.

Special Services.

At the conclusion of the movement there will be held on Wednesday evening, Nov. 6, a preparatory service for all those agreeing to enter into church relationships. This will be followed by communion service in all of the churches of the denomination on the following Sunday, Nov. 10.

As a culmination to the general effort there will be held everywhere on Wednesday, Nov. 13, a reception and thanksgiving service for the new members.

Special sermons, beginning on Sunday, Oct. 6, have been decided upon to bulwark the movement. The subjects will be taken from the basic truths as given in the Apostle's Creed. They were announced as follows:

Oct. 6, "God, The Almighty Father"; Oct. 13, "Jesus Christ, Our Lord"; Oct. 20, "The Holy Ghost"; Oct. 27, "The Holy Catholic Church"; Nov. 3, "The Communion of Saints"; Nov. 10, "The Forgiveness of Sins"; Nov. 17, "The Resurrection And the Life Everlasting."

Fall Meeting At Island Creek

The overture by which it was proposed to permit women of the denomination right for election to offices was withdrawn, thus indicating that no action this year will likely be taken by the General Assembly regarding the proposal.

Announcement was made of the meeting of the Ruling Elders' Assembly at Carrollton, on April 29. It will be presided over by J. H. Mosel, of Steubenville. The welcoming address will be made by the Rev. B. I. York, of Carrollton, and that night the body will be addressed by Dr. Charles A. Wishart, the president of Wooster college.

Just before the recess to the Westminster church at Steubenville, was taken, agreement was reached to hold the fall meeting of the presbytery in the Island Creek church, near Salineville, of which the Rev. James Clark is the pastor.

TODAY

KING GEORGE gives the British Museum a Japanese tablet, on which is written a description of mortifications of the flesh inflicted upon himself by a Japanese Buddhist "that the divine powers might be moved to restore the king's health."

THE REV. DR. DUFFIELD, Presbyterian, says our age is religious, the trouble is with the churches.

What is true of Christianity is doubly true of the Moslem faith. Amanaullah, deposed king of Afghanistan, drew a crowd of 60,000 supporters by promising to show them the mantle of Mohammed.

It had been locked in a chest for 200 years, and Mohammedans believed that only a good man could open the chest.

After two hours of effort Amanaullah suddenly opened the chest and held up the sacred relic. The people flocked to him.

A NOTHER ship arrives in England having landed two smallpox cases at Marseilles. Viscount Burnham will worry, for he hasn't been vaccinated within seven years.

IN Northampton, England, smallpox is spreading rapidly. Of 300 smallpox cases, 30 had been vaccinated as infants, not since; 270 had never been vaccinated. An outbreak of smallpox is a wonderful cure for anti-vaccination nonsense.

MEXICAN rebels have abandoned their publicly bureau in New York city, which is taken to mean complete collapse of the rebellion.

Mexico, in spite of war costs, reports a good financial condition and continues to pay cash to employees and others.

FEDERAL RESERVE BOARD ATTACKED

WASHINGTON, April 17.—The anticipated congressional assault on the Federal Reserve Board and its policies broke today from two sources.

Representative Reid (R) of Illinois, introduced a resolution in the house proposing an investigation by a committee of nine members to determine whether the board is committed to a policy of competition with the proposed European "world bank" which would force the United States into the League of Nations.

At the same time, Representative Black (D) of New York, accused the board of "endangering American prosperity" by its fight on speculative loans and in aiding the stabilization of foreign banking systems.

BLINDING LIGHTS CAUSE CRASH

CINCINNATI, April 17.—(INS.)—An automobile crash, in which Fred Stauber, 34, was killed, and his companion, Dudley Morgan, was injured was today attributed to the blinding lights of another machine.

Stauber, who was driving the ill-fated car, swerved the machine to one side when lights of an approaching automobile glared full in his face. The machine overturned after striking a sign post and Stauber was pinned beneath. Morgan was thrown clear of the wreckage.

CONDEMNED MAN LOSES APPEAL

CINCINNATI, April 17.—(INS.)—Rodney Ford, sentenced to die in the electric chair at Ohio penitentiary for the murder of Peter Dumele, night marshal of a local suburb, a year ago, had today been denied a new trial.

A motion for a new trial was overruled by the court of appeals yesterday. The court held that all evidence was legitimate and that no error prejudicial to the defense had been made.

Ford was to have been executed yesterday, according to the original sentence.

PRESIDENT GOES TO BALL GAME

WASHINGTON, April 17.—President Hoover is taking with him to the ball game this afternoon a larger group of friends than any of his predecessors favored.

Those who will sit in the presidential box to see Walter Johnson's Senator clash with the Philadelphia Athletics, besides Mrs. Hoover, are: All members of the cabinet and their wives; the Hoover secretarial force and their wives, and John Francis Burke, treasurer of the National Republican committee.

Mr. Hoover is expected to perform the "president's stunt" at the season's opener by tossing out into the field the first ball.

REPORTS FROM STOCK MARKETS

By W. S. Cousins, International News Service Financial Editor.

NEW YORK, April 17.—As a mark of disappointment in the terms and "rights" for stockholders in the offering of net stock of the United States Steel corporation, stock traders sold U. S. Steel liberally at the beginning of trading today and the price declined a point to 18 3/4, while most of the active industrials were gradually climbing to slightly higher levels.

Wall Street's disappointment in the steel stock offering was in the small amount of new stock on sale at this time, so that present stockholders have the right to purchase a share for every 7 shares held. It was thought that at least 1 to 5 would have been the proportion of new shares sold, making the "rights" work about \$9 each. As it is, the rights were quoted on the curb at 5 1/4. In the long run, however, the less stock outstanding, the more of net earnings accruing to each share.

Pittsburgh Produce.

Babe Ruth Weds

lights. The photographers were told that if they would be good they could enter the church after the ceremony and take pictures of the principals. But the cameramen were taking no chances, especially after noting the advance from the stated hour. They boomed everything in sight and then swarmed into the pews.

Charmingly Simple Ceremony.

St. Gregory's is a pretty little church in West Ninetieth street. There were only a score of persons inside except for the horde of news papermen and photographers. Outside, several milkmen, two policemen, a conductor on his way to work and several all-night telephone operators returning from the job, formed the street gallery. However the windows of the tenements around were filled with curious tenants in night dress.

The ceremony was charmingly simple, the bride holding a Bible in her hand throughout. Again when the couple knelt down for a blessing from the Rev. Father W. F. Hughes, a flashlight broke the sacred intonation.

The couple stayed for low mass after the ceremony. Mr. and Mrs. Ruth signed the parish register.

After the service, the bride and groom posed with the priest in the church for the photographers. The bride started each time at the recurrent thunder of the flashlights and the Babe put his arm protectively about her shoulders to quiet her.

Honeymoon at Ball Park.

Babe said that he and his wife would live temporarily at the home of his wife in New York.

The name of Mrs. Hodgson had been mentioned in connection with Ruth for some time.

This is the baseball player's second marriage, his first wife having been burned to death under tragic circumstances in the home of Dr. Edward H. Kinder, dentist, of Edgewater, Mass.

"Are you going to throw a wedding party?" the Babe was asked.

"No parties," said the Babe. "It's against training rules."

"Where are you going for your honeymoon, Babe?"

"To the ball park," grinned Ruth. "Come on big boy," said Mrs. Ruth, and they both scampered for the automobiles.

And Jupiter Pluvius, of the rain-making league, grew sentimental, and turned on several more faucets so that it looked that the Babe and his bride wouldn't have to bother about going to the ball park today at all.

OUSTED MAYOR FACES U. S. COURT

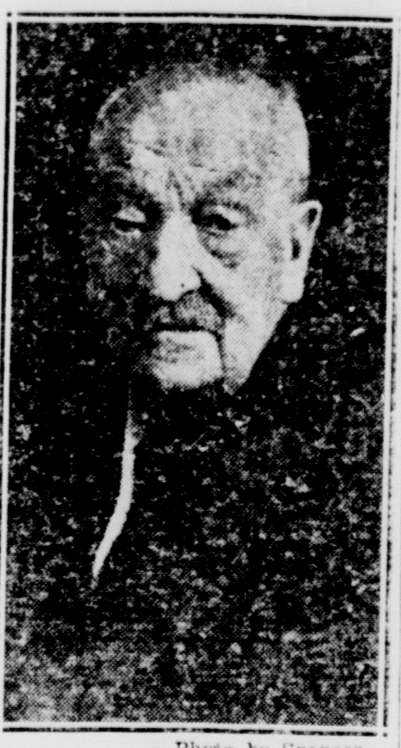

NEW PHILADELPHIA, O., April 17.—(INS.)—Former Mayor Peter J. Groh, of Dover, Ohio, "down the street from here," is to be taken from jail here today by federal authorities who will escort him to Canton, where he will be arraigned in federal court on liquor conspiracy charges.

Groh was arrested by state prohibition agents on March 21, and placed into jail here, charged with accepting a bribe from a state dry agent to allow a mythical carload of liquor to be run through Dover unmolested, and then released under \$10,000 bond.

About two weeks later he was "oust" from office as mayor of Dover, Ohio, a community of 8,000 people, and "twinsister city" to New Philadelphia.

Yesterday, Groh was arraigned on these charges in a state court. He pleaded not guilty and was released on bond.

"SCARFACE AL" CAPONE BROKE

Chicago Gang Chief Faces Worst Crisis Of Career.

By Francis F. Healy.

CHICAGO, April 17.—"Scarface Al" Capone is broke!

Not only is the gang chieftain facing serious financial problems but almost his entire organization is facing the worst crisis of its existence. Hundreds of his Chicago liquor depots are closed. His "alky runners" can bring in only a negligible amount of liquor.

Two factors have brought the virtual downfall of the gangster. It became known today by International News Service. These are: First, the election of State's Attorney John Swanson, and second, the gangland "saw-saw" of seven members of George "Boss" Moran's gang.

Sick and disgusted with conditions the closing of his depots and vice haunts, Capone, three days ago, defied the federal grand jury of Chicago and left for Florida. It became known. He went to the palatial estate in Florida which, it was generally believed, he owned and maintained. Capone does not own this home at Miami. He paid only \$5,000 "down" for it and the estate is heavily mortgaged. A note amounting to more than \$30,000 is now due and Capone is frankly worrying where he is to obtain the money to meet the note.

NEW YORK, April 17.—The trial of Helen Morgan, Broadway's "Helen of Troy," on charges of maintaining a nuisance in connection with the alleged sale of liquor in the night club, Helen Morgan's Summer Home, was indefinitely suspended today when Federal Judge Edwin Thomas was taken ill shortly after the first witness of the day had been summoned to the stand.

Judge Thomas, who came here from Connecticut with a reputation for severity to handle the trials, recently underwent an operation.

Paving of Chester Avenue Is Proposed

Council Approves Resolution by Unanimous Vote; Expansive Improvement Program Increased by Lawmakers' Action.

WELLSVILLE, O., April 17.—One of the most expensive improvement programs proposed by the city in many years, including the construction of the Seventeenth street storm sewer and the improvement of Commerce street, Clark and Michael alleys, was further extended by council last night when legislation was launched for the construction of a highway along Chester avenue from Twenty-fifth street to Fifteenth.

With the exception of the Seventeenth street sewer job, the remainder of the work is purely in a tentative stage in respect to finance, which, in the final analysis, is the controlling factor.

Action in favor of improving Chester avenue came as a result of a petition signed by property owners on the street. And, probably no petition ever presented to council got quicker action than this one.

Petition Contains 89 Names.

George Hardman, the signers, 89 out of a possible 103, declaring they wanted the thoroughfare graded and paved to a width of 30 feet.

Attorney James McSweeney, representing the petitioners, then proceeded to enumerate reasons. In the first place, he pointed out that the petition carried the names of almost 90 per cent of the property owners. He then described the street as being virtually impassable at times during the winter. Citizens who lived along the street and owned automobiles, have difficulty at times, he said, in getting their cars in and out of the district because of the mud.

This street has never been given an established grade, he pointed out. In addition, the attorney explained that Chester avenue would provide an admirable route for the location of state highway seven through the city to Fifteenth street.

"It takes the traffic away from the street car lines," he said. "The safety factor, of course, is important. The city owns a right of way from Twenty-fifth street west to Wooster's save one small piece of ground which the owner will willingly give up to pay the assessments. The street is consistently level and almost straight. The people down there have been neglected for a long time in street improvements and not only they, but the town as a whole, would benefit by the construction of a highway along that street."

Engineer to Prepare Plans.

Councilman Reil expressed himself as favoring the improvement, if possible, of both Clark and Chester avenues.

A motion to receive and file the petition was lost but a resolution was immediately brought out by the clerk, directing the city engineer to prepare plans and specifications for the improvement of Chester avenue. Peters and Haugh moved for a suspension of rules and the resolution went through.

WHERE HARRY F. SINCLAIR WILL SERVE 90 DAYS

Harry F. Sinclair, right, millionaire oil man, will start a three-month "vacation" at the expense of Uncle Sam in the nice quiet jail of the District of Columbia, shown above. Major Peake, left, will play the role of host whether the guest likes it or no, since the supreme court upheld the 90-day sentence for contempt imposed on the magnate for refusing to answer the senate Teapot Dome committee's questions.

LABORERS GET PAY INCREASE

Wage Boost Resolution Passes on First Reading.

Legislation granting a five-cent an-hour increase to employees of the service department was passed by city council on first reading last night. As a result, the present 45-cent rate will be boosted to 50.

Councilman Peters advanced the opinion that the employees' wages should be graded from 40 to 50 cents an hour, with better workmen receiving higher pay.

But Haugh declared that matters of this kind should be left to the judgment of the service director who, he said, would not be expected to employ a man unless he was worth his hire.

Peters and Kew voted negatively and their ballots were sufficient to bar emergency proceedings.

Proposed ordinances dealing with the collection of garbage, under contract, and the establishment of a salary for the fire chief as well as the definition of his duties were not presented. Solicitor Raymond Knepper explained to council that he had no means of determining himself, what the fire chief's duties should be and, consequently, favored a conference with the ordinance committee before drafting the legislation.

Replying to a communication from Clerk George Hardman, officials of the telephone company declared no more telephone poles in the city limits would be erected, as council asked recently.

Service Director George Imbrie promised to seek action from the Pennsylvania Railroad company on the improvement of the Eighteenth street crossing as well as the repairing of a fence along Riverside avenue owned by the railroad company. In addition, he will investigate complaints of the Scott Lumber company that the railroad is dumping ties against a new fence erected by the lumber firm.

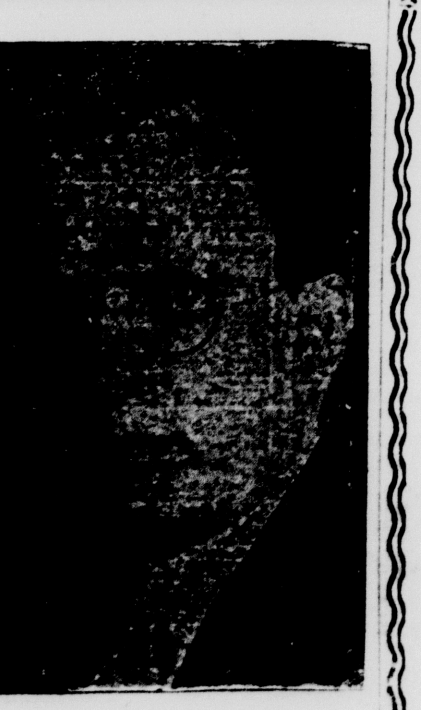

Reports of Auditor Fred Eckfeld and Treasurer Clarence Scott were approved by council.

The auditor's report showed the following balances: General fund, \$184.56; safety fund, \$28.54; health, \$440.53; service, \$139.83; water, \$1,882.10; cemetery, \$2,291.23; library, \$172.15; gasoline tax, \$1,608.63; auto license, \$3,674.51; cemetery trust, \$578.52; firemen's indemnity, \$350.06; sinking fund, \$19,030.44.

ANNIE LAURIE'S TIMELY ADVICE

DEAR ANNIE LAURIE:

Will you be kind enough to help me. I am a married woman, I have been married for one year and a half. I am nineteen. I am soon to be a mother, my husband works out of town and I live here with my mother. What I want you to advise me is, he has changed so much in the past five months, as if he does not care for me any more. He knows I am a true wife, but there is a man there and he and his wife are having trouble and he goes around with other women. Do you think my husband is following him? I love him so much and he knows it. Please tell me how to ask and what to say when he is that way. He is only twenty-three. BILLIE.

BILLIE: I am sure that your husband loves you, my dear, and I am also sure that your imagination is to blame for all your worry. At this time you should be particularly cheerful and happy, but I know how doubts creep in, particularly in circumstances such as yours. Cannot you live with your husband instead of away from him? If you cannot, however, try and keep yourself occupied and happy, and most of all contented and cheerful. You owe this not only to yourself but to your husband and the blessed baby that is coming to you. Don't worry, my dear. I am sure everything is right for you. And my best wishes to you.

KRAMER SCOTT FORFEITS \$56

Police Arrest Three Men In Billiard Parlor Raid.

Kramer Scott, employee of the Grand Allright parlor in the Diamond, forfeited \$56 when he failed to appear before Municipal Judge J. C. Hanley today to answer a charge of gambling by playing "high pill".

Thomas McDonough, said by police to be the proprietor of the establishment, is at liberty on his own recognizance pending a hearing upon a charge of possessing baseball pools. Earl Miller, who, police say, was paid \$5 cents for acting as a lookout at the second floor entrance to the pool room, forfeited \$16 when he failed to appear for a hearing on a charge of interfering with an officer.

The three men were arrested in a raid made by Captain Conley and Patrolman Curran at 10:50 o'clock last night. Police said that a "high pill" game was in progress when they entered. Two cards of baseball pools were found under the counter of the establishment, police said.

Barber shop of Kinney Lewis, Dresden avenue, was also the scene of a gambling raid at 5:30 o'clock. Lewis was fined \$50 for per-mitting gambling, while Albert Hargreaves, Nathaniel Sims and George Powell, alleged participants in a card game, forfeited \$16 each. Twenty-five dollars of Lewis' fine was suspended pending good behavior.

Traffic charges were filed against three motorists today. Mrs. Nellie Lemmer and Mary Irwin, who are alleged to have parked their automobiles in a restricted zone in East Sixth street, forfeited \$2 each. Carl Gamble, who was arrested in Walnut street by Fireman O'Rourke on a charge of reckless driving, had not appeared for a hearing up to the noon hour today.

101 RANCH SHOW CAR VISITS HERE

Circus paste brushes are slapping against billboards, dead walls and fences today, but they're beating a new tune—the rousing song of cowboys and crack cavalrymen, Indians, Cossacks and frontiersmen, for Miller Brothers' 101 Ranch Real Wild West comes to East Liverpool Monday, May 6, for two performances, afternoon and night, at Columbian park, East End.

The big show's No. 1 advertising car, Max Fletcher, in command, with 30 billposters, lithographers and banner men on board, is here today to bill the wild west show.

Miller Brothers, who own the famous 101 Ranch, have added a rodeo and Far East, presenting features and novelties.

Famous Indian chiefs and warriors will be found among the 200 redskins with the huge western troupe, and the cowboys and cowgirls are of champion rating in rough riding, broncho busting, roping and bulldogging.

There are 1,100 people with 101 Ranch.

RAIDERS SEIZE "WISCONSIN BEER"

HUNTINGTON, W. Va., April 17.—Following announcement that "Blatz Wisconsin-made" beer contained 2 per cent of alcohol by volume, prohibition agents swooped down upon a warehouse here and seized 2,800 bottles of the alleged beer. They announced today they would serve a warrant charging illegal possession of intoxicating beverages on Chris Grage, of this city, who is said to be district manager for the Blatz Brewing company, of Milwaukee, Wis.

T. A. Borradaile, state chemist, made an analysis of the beer and said that it tested an average of 2 per cent by volume, and illegal alcoholic percentage.

TWO FUGITIVE CONVICTS NABBED

MANSFIELD, O., April 17.—(INS.)—Harold Johnson, Wilmington, and Raymond Dorris, Toledo, escaped convicts from the Mansfield reformatory here, who are believed to have stolen the pouch of mail from the Pennsylvania railroad station here, were captured and captured in a deserted school house near here today.

The men offered no resistance. Police are questioning them in connection with the theft of the mail sack, which was stolen from the station platform here early yesterday morning. The value of the pouch is not been estimated.

then will be heard around the state. Farm Leader Opposes Bender Plan

Representative H. F. Ault, Mt. Gilead, who is serving his fourth term in the house, and who is one of the outstanding farm leaders in the legislature, declared he "was hard against" the Bender referendum.

R. D. Williamson, Xenia representative, declared that "Bender has started something that he never will get by with."

Urban's member in the lower house, William Guard, stated, "It would give the big cities absolute control of the legislature and as the city populations are largely foreign, this would amount to alien control."

Senator Paul M. Herbert, Columbus, who has always been a staunch supporter of Bender in the senate, said that while he feels that the referendum is "entirely right in principle," he is not sure that "sentiment is sufficiently crystallized to warrant its coming up for a vote at this time."

That seemed to be the sentiment of all of the legislators and it darkened the prospects for passage of the Bender referendum.

Unless the governor recalls the sixth general assembly into "extraordinary session" to transact some specific business or to meet an emergency, the present legislature will never meet again.

Your City Servant

Mirrors of E. Liverpool Municipal Family

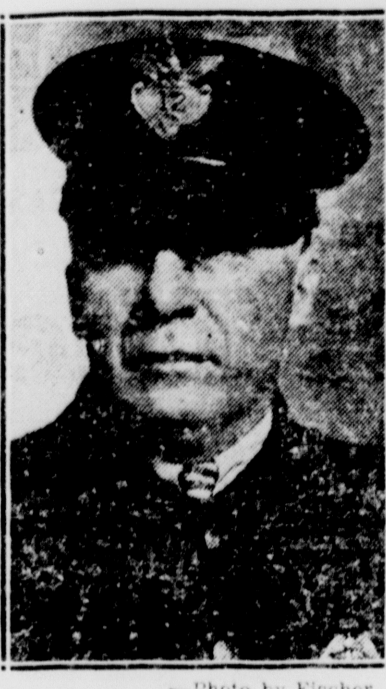

Thomas C. Russell was appointed patrolman last Thanksgiving day, succeeding Henry Aufderheide, who was placed on the pension list.

Russell was born in East Liverpool, a son of the late William and Bridget Russell. His father, a pioneer potter, was a member of the city's volunteer fire department.

After attending the parochial school, Russell went to work for Thomas Nagle as a plumber's helper. He later was employed by Zange & Bence for many years. During the war he worked for the Pittsburgh Iron & Steel company engaged in war orders.

Russell was married to Miss Ella Brennan on January 8, 1914. He is a member of Carroll Council No. 569 Knights of Columbus, East Liverpool lodge No. 258, E. P. O. Elks, Fraternal Order of Police and the St. Aloysius Catholic church.

He has one daughter, Helen. He lives at 238½ West Fifth street.

The lay delegates to the synod are: J. C. Patterson, of Uhrichsville; J. H. Mosel, of Steubenville; Harry Hill, of the Emmanuel Presbyterian church, of East Liverpool; L. Dallas of Iron Dale; E. P. Borges, of New Harrisburg; and D. M. Grwick, of Harlem Springs.

Addresses by the Rev. Angelo Bonacci and the Rev. Albert D'Albordi, pastors of Faith Mission and Church of Our Saviour of Wellsville and Steubenville, respectively, gave data regarding the progress of the Italian mission in the presbytery.

Plan Evangelistic Campaign.

Outstanding among the consummations of the presbytery before the taking of a recess for last night to the Westminister Presbyterian church in Steubenville for the ordination as minister of the Rev. Frederick Cropp, son of one of the elders of that church, was agreement to plans by the Ohio Synodical Evangelistic committee for a month's campaign throughout the presbytery next fall.

As arranged the campaign will begin on October 14 and will continue until Nov. 3 and will coordinate with others throughout the state.

From Oct. 14 to Oct. 20 the churches in villages and country will be engaged in activities planned; from Oct. 21 to Oct. 27 those in the various county seats of the state will be entered in the movement and from Oct. 27 to Nov. 3, all churches in cities will come under the departure.

Day of Prayer Proposed.

All of the ministers of the state have agreed to give one week of their time in the work of preaching. They will be assigned to various churches by the evangelistic committee of which the Rev. Mr. Higley, of Cleveland, is the chairman.

To further the departure, clerks of the various sessions of the churches will enter records of the cooperation.

As a preliminary to the movement the entire synod of Ohio will utilize Monday, October 7, as a Day of Prayer for the success of the evangelistic departure.

Supplementing this initial Day of Prayer will be home or cottage prayer services in all of the church communities during the entire progress of the campaign.

Then, on October 13, the laymen will make a house-to-house visitation for the purpose of interesting those without the church fold.

Special Services

At the conclusion of the movement there will be held on Wednesday evening, Nov. 6, a preparatory service for all those agreeing to enter into church relationships. This will be followed by communion service in all of the churches of the denomination on the following Sunday, Nov. 10.

As a culmination to the general effort there will be held everywhere on Wednesday, Nov. 13, a reception and thanksgiving service for the new members.

Special sermons, beginning on Sunday, Oct. 6, have been decided upon to bulwark the movement. The subjects will be taken from the basic truths as given in the Apostle's Creed. They were announced as follows:

Oct. 6, "God, The Almighty Father"; Oct. 13, "Jesus Christ Our Lord"; Oct. 20, "The Holy Ghost"; Oct. 27, "The Holy Catholic Church"; Nov. 3, "The Communion of Saints"; Nov. 10, "The Forgiveness of Sins"; Nov. 17, "The Resurrection And the Life Everlasting."

Fall Meeting At Island Creek

The overture by which it was proposed to permit women of the denomination right for election to offices was withdrawn, thus indicating that no action this year will likely be taken by the General Assembly regarding the proposal.

Announcement was made of the meeting of the Ruling Elders' Assembly at Carrollton, on April 29. It will be presided over by J. H. Mosel, of Steubenville. The welcoming address will be made by the Rev. B. I. York, of Carrollton, and that night the body will be addressed by Dr. Charles A. Wishart, the president of Wooster college.

Just before the recess to the Westminister church at Steubenville, was taken, agreement was reached to hold the fall meeting of the presbytery in the Island Creek church, near Salineville, of which the Rev. James Clark is the pastor.

Boy Almost Decapitated.

DAYTON, O., April 17.—(INS.)—Authorities here today devoted intense efforts in their investigation of the death of Richard Burke, 14-year-old boy, who was found with his head almost severed on an interurban track west of here late last night. A "hit-skip" motorist is believed to have struck and killed the boy, and then to have thrown his body onto the tracks.

THE REV. DR. DUFFIELD, Presbyterian, says our age is religious, the trouble is with the churches.

What is true of Christianity is doubly true of the Moslem faith. Amanullah, deposed king of Afghanistan, drew a crowd of 60,000 supporters by promising to show them the mantle of Mohammed.

It had been locked in a chest for 200 years, and Mohammedans believed that only a good man could open the chest.

After two hours of effort Amanullah suddenly opened the chest and held up the sacred relic. The people flocked to him.

FEDERAL RESERVE BOARD ATTACKED

WASHINGTON, April 17.—The anticipated congressional assault on the Federal Reserve Board and its policies broke today from two sources.

Representative Reid (R) of Illinois, introduced a resolution in the house proposing an investigation by a committee of nine members to determine whether the board is committed to a policy of competition with the proposed European "world bank" which would force the United States into the League of Nations.

At the same time, Representative Black (D) of New York, accused the board of "endangering American prosperity" by its flight on speculative loans and in aiding the stabilization of foreign banking systems.

BLINDING LIGHTS CAUSE CRASH

CINCINNATI, April 17.—(INS.)—An automobile crash, in which Fred Stauber, 34, was killed, and his companion, Dudley Morgan, was injured was today attributed to the blinding lights of another machine.

Stauber, who was driving the ill-fated car, swerved the machine to one side when lights of an approaching automobile glared full in his face. The machine overturned after striking a signpost and Stauber was pinned beneath. Morgan was thrown clear of the wreckage.

CONDEMNED MAN LOSES APPEAL

CINCINNATI, April 17.—(INS.)—Rodney Ford, sentenced to die in the electric chair at Ohio penitentiary for the murder of Peter Dumele, night marshal of a local suburb, a year ago, had today been denied a new trial.

A motion for a new trial was overruled by the court of appeals yesterday. The court held that all evidence was legitimate and that no error prejudicial to the defense had been made.

Ford was to have been executed yesterday, according to the original sentence.

PRESIDENT GOES TO BALL GAME

WASHINGTON, April 17.—President Hoover is taking with him to the ball game this afternoon a larger group of friends than any of his predecessors favored.

Those who will sit in the presidential box to see Walter Johnson's Senators clash with the Philadelphia Athletics, besides Mrs. Hoover, are: All members of the cabinet and their wives; the Hoover secretarial force and their wives, and John Francis Burke, treasurer of the National Republican committee.

Mr. Hoover is expected to perform the "president's stunt" at the season's opener by tossing out into the field the first ball.

OUSTED MAYOR FACES U. S. COURT

NEW PHILADELPHIA, O., April 17.—(INS.)—Former Mayor Peter J. Groh, of Dover, Ohio, "down the street from here," is to be taken from jail here today by federal authorities who will escort him to Canton, where he will be arraigned in federal court on liquor conspiracy charges.

Groh was arrested by state prohibition agents on March 21, and placed into jail here, charged with accepting a bribe from a state dry agent to allow a mythical carload of liquor to be run through Dover unmolested, and then released under \$10,000 bond.

About two weeks later he was "ousted" from office as mayor of Dover, Ohio, a community of 8,000 people, and "twin-sister city" to New Philadelphia.

Yesterday, Groh was arraigned on these charges in a state court. He pleaded not guilty and was released on bond.

REPORTS FROM STOCK MARKETS

By W. S. Cousins, International News Service Financial Editor.

NEW YORK, April 17.—As a mark of disappointment in the terms and "rights" for stockholders in the offering of net stock of the United States Steel corporation, stock traders sold U. S. Steel liberally at the beginning of trading today and the price declined a point to 183½, while most of the active industrials were gradually climbing to slightly higher levels.

Wall Street's disappointment in the steel stock offering was in the small amount of new stock on sale at this time, so that present stockholders have the right to purchase a share for every 7 shares held. It was thought that at least 1 to 5 would have been the proportion of new shares sold, making the "rights" work about \$9 each. As it is, the rights were quoted on the curb at 5½. In the long run, however, the less stock outstanding, the more of net earnings accruing to each share.

lights. The photographers were told that if they would be good they could enter the church after the ceremony and take pictures of the principals. But the cameramen were taking no chances, especially after noting the advance from the stated hour. They boomed everything in sight and then swarmed into the pews.

Charmingly Simple Ceremony.

St. Gregory's is a pretty little church in West Ninetieth street. There were only a score of persons inside except for the horde of news-papern and photographers. Out side, several milkmen, two policemen, a conductor on his way to work and several all-night telephone operators returning from the job, formed the street gallery. However the windows of the tenements around were filled with curious tenants in night dress.

The ceremony was charmingly simple, the bride holding a Bible in her hand throughout. Again when the couple knelt down for a blessing from the Rev. Father W. F. Hughes, a flashlight broke the sacred intonations.

The couple stayed for low mass after the ceremony. Mr. and Mrs. Ruth signed the parish register.

After the service, the bridal party posed with the priest in the church for the photographers. The bride started each time at the recurrent thunder of the flashlights and the Babe put his arm protectively about her shoulders to quiet her.

Honeymoon at Ball Park.

Babe said that he and his wife would live temporarily at the home of his wife in New York.

The name of Mrs. Hodgson had been mentioned in connection with Ruth for some time.

This is the baseball player's second marriage, his first wife having been burned to death under tragic circumstances in the home of Dr. Edward H. Kinder, dentist, of Watertown, Mass.

"Are you going to throw a wedding party?" the Babe was asked.

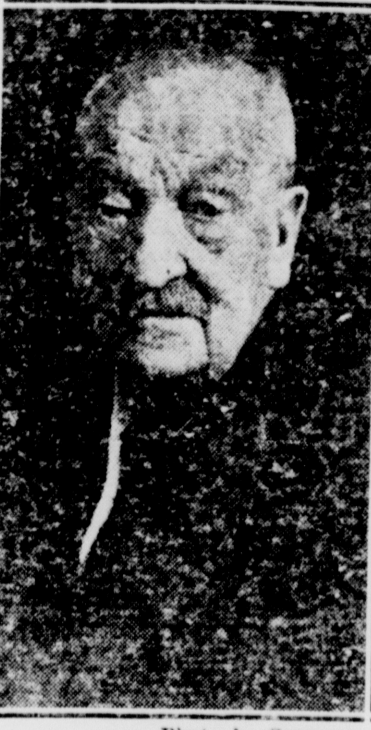

"No parties," said the Babe. "It's against training rules."

"Where are you going for your honeymoon, Babe?"

"To the ball park," grinned Ruth. "Come on big boy," said Mrs. Ruth, and they both scampered for the automobiles.

And Jupiter Pluvius, of the rain-making league, grew sentimental, and turned on several more faucets so that it looked that the Babe and his bride wouldn't have to bother about going to the ball park today at all.

"SCARFACE AL" CAPONE BROKE

Chicago Gang Chief Faces Worst Crisis Of Career.

By Francis F. Healy.

CHICAGO, April 17.—"Scarface Al" Capone is broke!

Not only is the gang chieftain facing serious financial problems but almost his entire organization is facing the worst crisis of its existence. Hundreds of his Chicago liquor depots are closed. His "alky runners" can bring in only a negligible amount of liquor.

Two factors have brought the virtual downfall of the gangster, it became known today by International News Service. These are: First, the election of States Attorney John Swanson and, second, the gangland "massacre" of seven members of George "Boss" Moran's gang.

Sick and disgusted with conditions the closing of his depots and vice haunts, Capone, three days ago, defied the federal grand jury of Chicago and left for Florida, it became known. He went to the palatial estate in Florida which, it was generally believed, he owned and maintained. Capone does not own this house at Miami. He paid only \$5,000 "down" for it and the estate is heavily mortgaged. A note amounting to more than \$30,000 is now due and Capone is frankly worrying where he is to obtain the money to meet the note.

"HELEN OF TROY" TRIAL IS HALTED

NEW YORK, April 17.—The trial of Helen Morgan, Broadway's "Helen of Troy," on charges of maintaining a nuisance in connection with the alleged sale of liquor in the night club, Helen Morgan's Summer Home, was indefinitely suspended today when Federal Judge Edwin Thomas was taken ill shortly after the first witness of the day had been summoned to the stand.

Judge Thomas, who came here from Connecticut with a reputation for severity to handle the trials, recently underwent an operation.

Paving of Chester Avenue Is Proposed

Council Approves Resolution by Unanimous Vote; Expansive Improvement Program Increased by Lawmakers' Action.

WELLSVILLE, O., April 17.—One of the most expensive improvement programs proposed by the city in many years, including the construction of the Seventeenth street storm sewer and the improvement of Commerce street, Clark and Michael alleys, was further extended by council last night when legislation was launched for the construction of a highway along Chester avenue from Twenty-Fifth street to Fifteenth.

With the exception of the Seventeenth street sewer job, the remainder of the work is purely in a tentative stage in respect to finance, which, in the final analysis, is the controlling factor.

Action in favor of improving Chester avenue came as a result of a petition signed by property owners on the street. And, probably no petition ever presented to council got quicker action than this one.

Petition Contains 89 Names.

The petition was read by Clerk George Hardman, the signers, 89 out of a possible 103, declaring they wanted the thoroughfare graded and paved to a width of 30 feet.

Attorney James McSweeney, representing the petitioners, then proceeded to enumerate reasons. In the first place, he pointed out that the petition carried the names of almost 90 per cent of the property owners. He then described the street as being virtually impassable at times during the winter. Citizens who lived along the street and owned automobiles, have difficulty at times, he said, in getting their cars in and out of the district because of the mud.

This street has never been given an established grade, he pointed out.

In addition, the attorney explained that Chester avenue would provide an admirable route for the location of state highway seven through the city to Fifteenth street.

"It takes the traffic away from the street car lines," he said. "The safety factor, of course, is important. The city owns a right of way from Twentieth street west to Wooster's save one small piece of ground which the owner will willingly give up to pay the assessments. The street is consistently level and almost straight. The people down there have been neglected for a long time in street improvements and not only they, but the town as a whole, would benefit by the construction of a highway along that street."

Engineer to Prepare Plans.

Councilman Reil expressed himself as favoring the improvement, if possible, of both Clark and Chester avenues.

A motion to receive and file the petition was lost but a resolution was immediately brought out by the clerk, directing the city engineer to prepare plans and specifications for the improvement of Chester avenue. Peters and Haugh moved for a suspension of rules and the resolution went through.

WHERE HARRY F. SINCLAIR WILL SERVE 90 DAYS

Harry F. Sinclair, right, millionaire oil man, will start a three-month "vacation" at the expense of Uncle Sam in the nice quiet jail of the District of Columbia, shown above. Major Peake, left, will play the role of host whether the guest likes it or no, since the supreme court upheld the 90-day sentence for contempt imposed on the magnate for refusing to answer the senate Teapot Dome committee's questions.

LABORERS GET PAY INCREASE

Wage Boost Resolution Passes on First Reading.

Legislation granting a five-cent-an-hour increase to employees of the service department was passed by city council on first reading last night. As a result, the present 45-cent rate will be boosted to 50.

Councilman Peters advanced the opinion that the employees' wages should be graded from 40 to 50 cents an hour, with better workmen receiving higher pay.

But Haugh declared that matters of this kind should be left to the judgment of the service director who, he said, would not be expected to employ a man unless he was worth his hire. Peters and Key voted negatively and their ballots were sufficient to bar emergency proceedings.

Proposed ordinances dealing with the collection of garbage, under contract, and the establishment of a salary for the fire chief as well as the definition of his duties were not presented.

Solicitor Raymond Knepper explained to council that he had no means of determining himself, what the fire chief's duties should be and, consequently, favored a conference with the ordinance committee before drafting the legislation.

Replying to a communication from Clerk George Hardman, officials of the telephone company declared no more telephone poles in the city limits would be erected, as council asked recently.

Service Director George Imbrie promised to seek action from the Pennsylvania Railroad company on the improvement of the Eighteenth street crossing as well as the repairing of a fence along Riverside avenue owned by the railroad company. In addition, he will investigate complaints of the Scott Lumber company that the railroad is dumping ties against a new fence erected by the lumber firm.

Reports of Auditor Fred Eckfeld and Treasurer Clarence Scott were approved by council.

The auditor's report showed the following balances: General fund, \$184.56; safety fund, \$28.54; health, \$440.53; service, \$139.83; water, \$1,882.10; cemetery, \$2,291.23; library, \$172.15; gasoline tax, \$1,608.63; auto license, \$3,674.51; cemetery trust, \$578.52; firemen's indemnity, \$350.06; sinking fund, \$19,030.44.

ANNIE LAURIE'S TIMELY ADVICE

DEAR ANNIE LAURIE:

Will you be kind enough to help me. I am a married woman, I have been married for one year and a half. I am nineteen. I am soon to be a mother, my husband works out of town and I live here with my mother. What I want you to advise me is, he has changed so much in the past five months, as if he does not care for me any more. He knows I am a true wife, but there is a man there and he and his wife are having trouble and he goes around with other women. Do you think my husband is following him? I love him so much and he knows it. Please tell me how to ask and what to say when he is that way. He is only twenty-three. BILLIE.

BILLIE: I am sure that your husband loves you, my dear, and I am also sure that your imagination is to blame for all your worry. At this time you should be particularly cheerful and happy, but I know how doubts creep in, particularly in circumstances such as yours. Cannot you live with your husband instead of away from him? If you cannot, however, try and keep yourself occupied and happy, and most of all contented and cheerful. You owe this not only to yourself but to your husband and the blessed baby that is coming to you. Don't worry, my dear. I am sure everything is right for you. And my best wishes to you.

"As the medicine for my system, I decided upon Konjola and now I wish to say that the results were far beyond my expectations. I recently finished the full treatment—six bottles—and my stomach is functioning perfectly. I can eat anything I wish without suffering afterward. My bowels have been regulated and invigorated. I feel sure that Konjola has saved me from some serious trouble, and I am glad to be able to add my name to the already long lists of life long friends of Konjola."

We have an Erskine Six ready for you now! Prove to yourself the new Erskine Six—built by Studebaker, Builder of Champions—is the finest, fastest car under \$1000.

Read What Erskine Owners Say!

I defy any car, regardless of price, to stand the pounding which our Erskine receives, as we drive between 40 and 50 miles per hour most of the time. Have never gotten less than 20 miles to the gallon of gas.

W. H. C.—Riverside, Calif.

I drove my Erskine Coupe over the roughest part of this state for 1525 miles at a total operating expense of \$15.80, averaging 28½ miles to the gallon of gas. At times I was confronted with 5 and 10% hills that stretched 9 to 23 miles. She is still hitting on all six and is ever ready to go.

A. W. W.—Nogales, Ariz.

Think it is the greatest little car on the road. Have never been in second since I had it and we have some mountains and hills out here too.

F. D. T.—Northboro, Mass.

Erskine Owners Sing Praises

We have driven our Erskine 24,976 miles and the best part about it, we have never had one bit of work done on it, not even clean the carbon, grind valves, not even set the valves. All we ever did to it was drive it past 60 miles per.

C. J. R.—Clearfield, Penna.

I consider it the most beautiful car in any price class as well as the greatest value.

P. R. K.—Oceanide, L. I., N. Y.

We are delighted with our Erskine in both performance and in the looks. It is unsurpassed in the light car field.

C. H. A.—Milford, Del.

Owners Everywhere—Satisfied

We consider the Erskine better value for the price than anything we have ever seen. It climbs hills on high and generally passes a lot of large cars going up—it just meets every demand.

E. L. R.—Pasadena, Calif.

I can drive my Erskine all day and never get tired. It is most comfortable and it cannot be beat for the money.

H. H.—Pennsylv., Penna.

My Erskine is second to none, and I have owned several cars and driven many. It has the world beat in every way for its small cost.

N. O. P.—Durand, Ill.

Erskine Owners—Best Salesmen

The Erskine is the best car for my practice I have had in 18 years, and I have had some expensive ones.

Dr. A. V. F.—Sapulpa, Okla.

It is the best looking of any car on the road in my estimation. It is the best riding light car I have driven.

S. W. P.—Reno, Nev.

I have owned my Erskine 6 months, get 22 miles per gallon of gasoline and we made a trip of 2250 miles and had no trouble whatever. My next car will be an Erskine. We like it better and better every day.

E. G. D.—Frankfort, S. D.

It has always been a joy to ride in the Erskine. I have had no repair expense to date and I have driven it better than 5000 miles.

H. P. H.—West Hampton Beach, N. Y.

Testimony of Satisfaction

I believe that I can say without fear of contradiction that my little Erskine is beyond a shadow of a doubt the greatest car for all around use that I have ever driven. I have driven mine 18,000 miles in 9 months.

N. Z. S.—Salina, Kans.

My Erskine, which I am very proud of, is a little wonder. Have driven it 13,000 miles over all kinds of roads and in 18 years have never driven anything like it.

T. L. T.—Virginia, Minn.

New Award for Elkton-Signal Highway Calls For Total of \$35,340.

Previous Treatments Failed; Owa-Ton-Na Conquers

Local Resident Finds Relief From Rheumatism When He Uses This Fine Old Indian Remedy.

Many who suffered with kidney liver and stomach disorders, rheumatism, neuritis, nervousness and a general run down condition, found relief in this fine old Indian remedy, Owa-Ton-Na. Each day the laboratory representative who is located at Carnahan's Drug Store, 114 East Sixth street, to explain the merits of Owa-Ton-Na, listens to the stories of eager health seekers, telling how Owa-Ton-Na brought relief even in obstinate cases.

To those who suffer the misery and torture that a severe case of rheumatism can give the case of Mr. Emil Misch, 416 Girard Ave., NE, Canton, O., will be interesting. Mr. Misch, whose trade is plastering, says, "In my line of work one can hardly suffer with rheumatism and expect to do very much work. I have been going down hill for some time. I don't know whether it was my work that caused it, but I didn't feel like my former self."

"My stomach started to bother me. I didn't have any appetite. Whenever I ate food gave me a lot of misery. Back aches were my constant companion; and then I would get terrible headaches and dizzy spells so bad at times that I felt I would have to catch hold of something to keep from falling. Later rheumatism started to set in. The first was when the right foot started. Why I got so bad I couldn't wear a shoe on my left foot, my foot was so badly swollen. I cut a shoe in several different places and then suffered torture. Although I tried all kinds of medicines I did not seem to be able to find any relief."

"I had heard so much about Owa-Ton-Na and about the wonderful results people were having that I thought I would give it a trial. I had only taken it a few days when I knew I had the right remedy. My stomach started to act better, when I ate food didn't distress me. No more gas and bloating spells and those terrible backaches. Headaches and dizzy spells left me. Gradually I could notice a difference in my rheumatism. The swelling started to go down and the pain more bearable."

"Today it is all gone and I feel like a new man. I never saw anything like this fine old Indian remedy. Owa-

MRS. SARAH AMMON GIVEN DIVORCE

Judge W. F. Jones, in common pleas court Tuesday afternoon, granted a divorce to Mrs. Sarah Ammon of Wellsville, against her husband William Ammon, after a two-day trial. In a dictated opinion, Judge Jones said:

"Both parties seek a divorce, and it is not very important who gets it. The court, however, will grant the decree to the plaintiff, but the order for alimony will not be issued at this time. The custody of the children of the plaintiff is granted for a period of six months, and she will have to support them herself, and behave herself. She is also to report once a month to Juvenile Officer John McShane. I hope that when the parties leave the court they will live better lives. The order of the court as to alimony and custody of children is subject to change on motion filed within six months. The costs are against the plaintiff."

The plaintiff was represented by Attorney Raymond Knepper of Wellsville, and W. A. O'Grady was counsel for the defendant.

MRS. LEE SMITH ASKS DIVORCE

Lee Smith, a car repairman's helper employed by the Pennsylvania Railroad company, at Wellsville, has been sued for divorce by his wife, Mrs. Minnie Smith, who, in her petition filed by Attorney W. A. O'Grady, declares that her husband has been keeping company with another woman. Smith is also charged with adultery. Mrs. Smith also alleges that her husband has struck her, knocked her down and kicked her and has cursed and threatened her. She also declares that Smith abandoned her last April 11 and took some furniture that she had paid for.

The couple were married July 16, 1913.

Wilson-McIntosh Wedding.

Harry McIntosh of East Palestine, a store manager, and Miss Alma E. Wilson, a clerk, and daughter of Mr. and Mrs. John W. Wilson, formerly of Negley, were married by the Rev. C. N. Church at the parsonage of the Methodist Episcopal church in Lisbon.

Sales Confirmed in Foreclosures.

In four foreclosure actions which have been pending in common pleas court for several months, the court has confirmed sales, ordered deeds and entered orders of distribution. The rulings were in the cases of the Perpetual Savings & Loan company of Wellsville against John J. Lamp, Robert J. Bell and George W. Runyon and others and Union Savings & Loan company, of East Liverpool against Mrs. Kate Logan.

In the partition action filed by Gertrude Hamerick against William L. Grinn and others, a sale has been confirmed, a deed ordered and counsel fees allowed.

"STOP AND GO" LIGHTS ASKED ON TWO MAIN ROADS IN COUNTY

LISBON, O., April 17.—With the number of automobiles mounting, the army of good roads advocates is increasing in Columbiana county. Seldom are protests voiced against a highway improvement. And with traffic constantly increasing, the problem of its regulation has become more acute. This is indicated in petitions asking the county commissioners to install traffic signals at intersections of main highways.

Two traffic signal petitions have just been filed with the commissioners. One asks a "stop and go" light at the intersection of the East Liverpool-Youngstown and Columbiana-New Waterford road, and another seeks a traffic signal system at the Lincoln highway-Kensington-Salineville road intersection at Kensington.

The first traffic light to be installed in Columbiana county on improved highways was at the intersection of the Cox highway and the East Liverpool-Youngstown road.

Action on the two petitions probably will be taken by the commissioners next Monday.

Ritzy Rosalie

Rosalie is at that last stage of dressing where she wonders what to do with the extra flower. She is wearing gardenias, which is not unusual but the fact that they are wax gardenias makes them worth mentioning. Wax flowers for personal adornment are much newer than any other kind and their cloth base makes them durable. And solid wax flowers respond quite beautifully to a very quick bath of soap suds whereas most artificial flowers have to be consigned to the waste basket when they lose their freshness. Wax flower corsage have the little lace frill like the florist uses with real posies.

Veterans Star In Openers

Youth Was Served—
With Several De-
feats.

By Davis J. Walsh.
NEW YORK, April 17.—Baseball being a young man's game and there being no argument about it, perhaps it isn't worth mentioning today that two of the four games featuring the semi-annual of the major league season yesterday were won by a couple of citizens who were young even before you and I, Maggie, Burleigh Grimes, a pitcher for sixteen of his thirty-six years, and poor, old doddering Alexander, starting his twentieth season in baseball at the tender age of forty-two, simply could do no better than usual. All they could do was win.

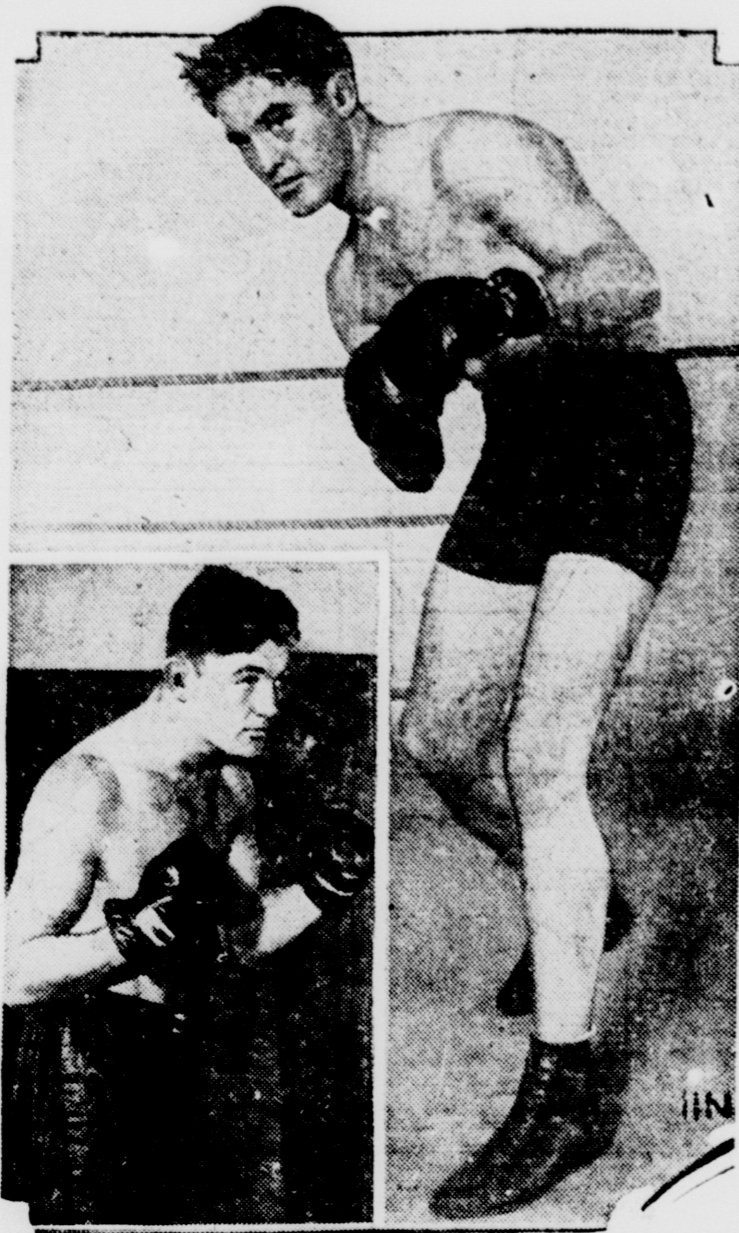

Alexander obliged with a typical effort, turning in a five-hit game against the Reds, and Grimes added a side dish of apple fritters to the "youth must be served" menu by shutting Mr. Hornsby's Cubs right out for the first seven innings. Youth, as a matter of fact, was served yesterday. It was served with an assortment of first class pitching all day long and today it could take the blindfold test with its eyes open.

Of course, there is perfectly good explanation for Alexander's performance. Everybody knows that extreme care and barbers' lotion have kept him young all these years.

Outside of these pertinent developments, yesterday's 50-proof opening, with the entire east rained out, was worthy of attention only because it furnished further evidence to baseball that it can't play a 154-game schedule in as many playing days.

Anyway, it will be opening day in the east again this afternoon and just another ball game in the four cities of the west. The latter saw plenty of good pitching yesterday, over and above the performances of Alexander and Grimes. Sam Gray showed tendencies toward resuming his campaign of frightfulness where he left off with the Browns last year by limiting the White Sox to a run and five hits and Whitehill, Shaute

Bucs Scuttle Cub Brig In Opening Tilt

Burleigh Grimes Pitches
Bushmen to 4-3
Triumph.

CHICAGO, April 17.—Donie Bush's Pirate brig weathered a withering storm of base hits today and sailed off on its National League pennant voyage with a 4 to 3 victory and the Chicago Cubs lashed to its masthead.

Burleigh Grimes, veteran spitball artist, skippered the Buccaners today. He burned them across in characteristic fashion for seven innings, in spite of a wintry breeze which benumbed the fingers of players.

In the last of the eighth inning Grimes attempted to stop a smash from the bat of Mike Gonzales and received a painful smack on the pitching hand.

He insisted on finishing the game, however. The bruise, however, probably had something to do with the fact that the Cubs annexed all three of their tallies in the last two frames.

Charley Root started for McCarthy but was relieved by Fred Blake and finally, Hal Carlson.

Old Alex, On Mound 19 Years, Still Pitches Winning Ball

Got First Chance, as
Rookie, With Charley
Dooen, in Mack-Phil
Series.

Eighteen years ago this spring the Phillies, whipped twice by the Athletics, were fighting a losing battle for whatever glory and prestige there is in winning the city championship. The eye of Manager Charley Dooen fell upon a tall rookie from Syracuse as he hopefully scanned his battered pitching corps for a hurler who could stop the Mackmen.

"If you want to stay with this club," said Dooen to the rookie, "go in there and beat those boys."
For five innings the buster held the American leaguers hitless and runless. Then Dooen, overjoyed by the rookie's amazing performance, pulled him out of the box to save him for games that would mean something in the pennant race.

Yesterday Old Alex pitched the St. Louis Cardinals to a 5-3 triumph over the Cincinnati Redlegs, with Lucas doing the opposing hurling. He went the route and gave the Queen City aggregation just five safe outs, his performance being aided by the batting of Chick Hafey who drove in four runs, two in the first inning on a single and two more in the sixth on a home run.

Nineteenth Season.
This year that pitcher is starting his nineteenth year in the big show. Grover Cleveland Alexander himself probably has lost track of the years—he just keeps rollin' along. But the St. Louis Cardinals are banking upon him just as heavily as did the Phillies in 1911, when Alex turned in 27 victories as against 13 defeats in his first year in the league.

Old Pete probably won't win eight straight games this season, as he did 18 years ago. The world's champion New York Yankees, however, will vouch for the fact that the old boy still knows his stuff. They pounded him in the world series last fall only to see the veteran pull a Ponce de Leon this spring by standing them on their collective ears in an exhibition game in Florida.

The great right hander led the National league pitchers in effectiveness in 1915, 1917 and 1920. In 1915, the year in which he pitched the Pals to their first pennant and won 31 games, his earned run average was only 1.22. In 1916, it was 1.55. For five seasons in all he allowed less than two earned runs per game.

Is 42 Years Old.
Now at the age of 42, the old fellow looks forward to another great season. Alex took it easy last year, allowing an average of 3.35 earned runs a game. But he won 16 games and lost only nine, and that is the kind of a record that counts when the boys add up their dimes in October.

Pete's biggest year was in 1916 when he won 33 games. His all-time league record is 264 victories against 187 defeats, including the year 1918 when he pitched only three games and won two of them. Never was his average below .500.

RAIN MAY HALT YANK-SOX GAME

NEW YORK, April 17.—Having been the victim yesterday of New York's first inaugural day postponement in 20 years, the New York Yankees faced the prospect of being washed out again today in their first game with the Boston Red Sox. Although the weather man predicted that the rain might stop this afternoon, the field at the stadium is soggy and the outlook was that the 80-year-old baseball bat which is to be presented to Babe Ruth, the blushing bridegroom, would be one day older before becoming the property of the master mauler.

If the boys have it, Piperas will pitch for the world's champions and Morris or Ruffing will hurl for the Sox.

ROUTIS TO MEET BUSTER BROWN

NEW YORK, April 17.—Andre Routis has signed to defend his featherweight championship against Buster Brown, Maryland champion, in a 15-round bout to a decision in Baltimore on May 27.

Jack Dempsey is negotiating for a bout between Young Stribling and K. O. Christner, of Akron, Ohio, to open the outdoor season at Ebbets field, Brooklyn, on May 29.

WANTS SCHWARTZ FOR PLADNER

SAN FRANCISCO, April 17.—Jack Dempsey, former heavyweight champion but now a promoter, is trying to sign Corporal Izzy Schwartz, flyweight champion, to box "Spider" Pladner at Brooklyn on June 26. It was disclosed here today by Schwartz's manager, Phil Bernstein. Bernstein informed Dempsey he wanted \$25,000 and a privilege of 30 per cent for Schwartz' end.

MAT RESULTS

AT PROVIDENCE, R. I.—Gus Sonnenburg, heavyweight champion, threw Pat McGill twice with flying tackle, in 43 minutes and 9 seconds.

AT CHICAGO.—Ed (Strangler) Lewis, former champion, threw Rena to Gardini twice, in 45 minutes 40 seconds and 3 minutes 5 seconds.

AT NEW YORK.—Ernest Cueno, former Columbia football player, threw Carl Vogel in 9 minutes 42 seconds.

PIRATE-BRUIN TILT SETS MARK

Although the Pittsburgh Chicago game at Chicago set an opening day record of 50,000 for the Cubs, yesterday's four baseball inaugurations attracted a total of only 28,000 fans due to unfavorable weather. Fifteen thousand saw Detroit play Cleveland; the attendance at the St. Louis-Cincinnati game was 25,500, and only 7,500 saw the White Sox-Browns opening.

Sunday School Court Rivals Play For Title

Christians, St. Stephens
Battle Tonight
at "Y."

Wind-up event in the Sunday school basketball league will be staged at 8 o'clock on the Y. M. C. A. court when the two survivors of the season's campaigning have it out in the championship struggle.

The rivals are the Chester Christians and the East Liverpool St. Stephens.

The Chester combine was ahead when the regular schedule was finished. Then a tournament was held with the first four teams battling. The St. Stephens won this and qualified for a crack at the Chesterites and the title.

There will probably be a preliminary tilt, too.

BOWLING COLUMN

"Cottony" Alcock's three-game score of 525 in the Liberty duckpin tournament, registered Monday night, stood up under the assault of nine more singles bowlers last night. As a result, Alcock cops the top award in this event which closed last night. The doubles will start tonight.

Potters May Not Be Entry

No Action Taken Following Resignation of Coach.

With two sites nominated and county schools pretty well divided as to choice, the Columbiana County High School Athletic association may have a difficult task in the selection of grounds for the annual interscholastic track and field meet.

The selection, whatever it happens to be, however, will probably have no effect as far as East Liverpool high school is concerned, inasmuch as no definite steps have been taken toward the organization of a Blue and White track team.

If the county track and field meet is held and there is no East Liverpool entry, it will be the first time for such an occurrence for many years.

The fairgrounds at Lisbon and the new stadium at Salem are the two sites proposed for the meet.

Most of the north county schools favor, naturally, the Salem site while the southern and central county schools prefer Lisbon because of its central location.

While in former years the site for the meet has been designated several months in advance of the event, action this year, because of the divergence of opinion, will not likely be taken until a meeting of the schoolmasters club the first of May.

East Liverpool high school has no athletic coach. J. E. Hurst, former athletic director, resigned at the close of the basketball season to aid his father in the operation of the New Philadelphia Times.

There has been discussion of both track and baseball but nothing has been done in a material way.

Salem, Alliance and Lisbon high school track teams will take part in a triangular meet at Salem Saturday. The affair was originally planned as a dual meet between Lisbon and Salem but recently was expanded to take in Alliance athletes.

Large number of entries is expected for the northeastern Ohio district meet to be held in Salem May 18. H. Schneidmiller, Canton Roosevelt, Ravenna, Massillon, Canton McKinley and Akron East are recent entries. Athletes will compete in both class A and class B events.

Forbidden Door

Story of Adventurous Youth, Mystery, Fortune and a Girl.

By Herman Landon

John appeared to search his memory. "Once, when he was a wee mite of a tot. His granddaddy brought him out here one day. But that was many years ago. I guess he's forgotten all about it." He relit his pipe with a troubled air. "So Hannan's gone, eh? Terrible, isn't it?"

"His father, Maxwell Martenet, disappeared the same way, didn't he?"

John nodded heavily. "That's what makes it so darned queer—father and son vanishing the same way. It's four years now since Maxwell Martenet dropped out of sight. There's no mystery about what happened to him, though. He just went away and died."

"Sure of that, John?"

John gazed narrowly down the stem of his pipe. "Maxwell Martenet wasn't the kind mysterious things happen to."

"So they are say." A somber, whimsical smile tinged her lips. "I sometimes wonder, though—John, does it seem reasonable to you that a man should just walk away and die?"

"Why not? I've seen dogs do the same thing. Some dogs know by instinct when they're going to pass out, and they pick a nice and quiet spot to die in. They don't want nobody around. Maybe it's the same way with some folks."

Miss Lane sat down and gazed speculatively into the corners of the room. Her small face, with the lights and shades of the fire playing upon it, was very serious. Suddenly she fixed a searching gaze on the caretaker.

"John, didn't you see Maxwell Martenet soon after he disappeared?"

John shook violently. He fixed startled eyes on her. He seemed to be trying to suppress an intense excitement. Then, with a dry chuckle he clamped down the ash in his pipe.

"You're a queer one, Miss Lane. What are you driving at, anyhow?"

"Just this, John." Her voice was steady and very low. "Didn't Maxwell Martenet come here after he disappeared?"

A jerk passed through the caretaker's long, gaunt body. He rose, came over to where she sat, placed a hand on her shoulder, and asked in a husky voice:

"Who are you, miss?"

Her large, hazel eyes were full upon him. She smiled faintly.

The girl smiled faintly as she reflected on John's question of her identity.

"I've told you I'm Viola Lane—that's all. Isn't it true, John? Didn't Maxwell Martenet come here?"

"No!" John's voice cracked with excitement. "No—no! Anyhow," controlling himself with an effort, "if he did, I didn't see him."

For a moment longer her gaze searched his face. "I believe you, John. It's probable you didn't see him. But you had reason to think he came here. Isn't that so?"

"Maybe," said John, and slunk back to his seat. "A man living alone in a place like this gets to imagining all sorts of things."

"Then you imagined something about Maxwell Martenet? You needn't answer—I can see you did. Well, what about Hannan? What are you imagining about him?"

"Not a thing," said John stoutly. "I didn't even know he was missing till you told me."

For a moment longer she studied him with that calm, steady gaze which made John feel as if she were reading his unspoken thoughts. At length she lowered her eyes.

"Yes," she said a little drowsily. "I believe you are being frank with me, as far as Hannan is concerned. Dear me, I'm beginning to feel sleepy. Do you really intend to sit up all night, John?"

He nodded grimly, his eyes fixed on the caked mud prints.

"The skeezicks may come back." He seemed to be talking to himself. "There's no telling. If he does—"

"Mercy!" she gave an amused laugh. "You look as if you might treat him rough. But what about me? Aren't you a bit suspicious of me, too?"

"You?" John grinned gingerly. She looked so slight and artless that he could see no reason why he shouldn't trust her. Yet she had said certain things that stuck in John's mind, and there were moments when her manner puzzled him. John was taking no chances. "If you're ready, Miss Lane, I'll show you to your room."

"Thanks, John. I'm getting terribly sleepy. Is this the way?" She opened the small door in the rear, the one guarded by CA Winthrop's watchful eyes in the oil painting.

"Hey, come back!" John called sharply.

But already she stood in the little hall, a portion of it dimly illuminated by a wedge of light falling through the door.

"Why, what's the matter?" she asked simply. "Isn't this the way out? Where does that door lead?"

John gasped. With an air of frank curiosity she pointed down the little hall to the iron door. He reached out his hand to jerk her back, but she eluded him and walked clear up to the door.

"What a funny old door," she exclaimed. "Iron, isn't it? And dusty—ugh. You need a woman's refining touch in this house, John. I never saw such a—"

"Don't touch it!" John cried in a trembling voice, although she had already brushed her fingers lightly against the iron surface. "You've got to get out of here, miss. It isn't safe."

"Safe?" She laughed incredulously. "Just as if an iron door could hurt anybody. What would happen if I opened it?"

"I don't know. Get back, miss."

She gave him a mocking glance. "You make me very curious, John. What's inside?"

"Just a large room with cement wall and no windows. It was Old Winthrop's laboratory. Honest, miss, I wish you wouldn't—"

"I promise not to touch a thing. Is the door locked?"

"I—I don't know for sure. I never tried to open it. It hasn't been opened in seven years. It never will be, if I can help it."

"How mysterious!" She looked up toward the top of the door. "What a huge clock, John! What's it doing in here, where nobody has occasion to look at it?"

"Can't tell you, miss. Don't know a thing about it. Come now, miss—it ain't healthy to look at these things."

"Just a minute." Her eyes were still on the immense clock imbedded in masonry above the door. "When do you wind it, John?"

John mopped his forehead. He was acutely worried. He did not know how to handle this inquisitive young person. Of course, she was doing no harm. There was no danger as long as one didn't attempt to open the door. Even in that event John was not clear in his mind what would happen, but he had a suspicion that it would be something dreadful. He stood in wholesome awe of the clock and the iron door. The atmosphere of this little hall always gave him an uneasy feeling.

"When do you wind it?" asked Miss Lane again.

"Wind it? Why, I never—"

He checked himself on the point of blurting out a secret.

Miss Lane looked at him curiously. "What's the matter, John? Are you ill? Shall I get you a glass of water?"

"No, I'm all right." John steadied himself with a tremendous effort. "It's kinda close in here—that's all. We'd better get out."

This time he seized the girl's wrist and started to pull her away. She yielded reluctantly, but over her shoulder she was still looking at the clock. Suddenly she uttered a little gasp.

"Listen!" she cried.

John's hand fell limply to his side. He stood stonily still.

"Lordy!" he exclaimed.

With a sudden recoiling movement, the girl clutched his arm. He heard a sharp intake of breath. She was trembling.

"Look, John!" she chided hoarsely, pointing a shaking finger at the door.

John looked. Something was crawling with an icy touch along his spine. Step by step he shrank back. Miss Lane following. Very slowly, an inch at a time, the iron door was opening outward. In a spasm of horror the girl pressed closer to him. Each passing moment, each jerky movement of the door touched, their nerves like the clutch of some abominable thing.

THE GUMPS

SPRING IS IN THE AIR

Every fibre of Tom Carr's body is attuned to nature before him. The sap of Spring flows through his veins—his blood tangles with the torus of Hope. The violet-scented air—the chirp of the robins—the gay song of the lark—the soft whispers of the balmy breezes—the drone of the bees in the cornfield and the tinkling echo of the babbling brook—all harmonize with a responsive chord in Tom's being—all blend together into a melodious one-word refrain—
"Mary! Mary! Mary!"
OH HAPPY TOM—
THREE
HAPPY TOM!

Wealth alone is not Tom's idea of a foundation for happiness. He has other dreams—a golden future in a kingdom where the heart rules and love abides.

CALIFORNIA JUDGE FIGHTS IMPEACHMENT

Judge Carlos Hardy, California superior court judge, inset, is fighting hard in impeachment trial before senate, in connection with Almee Sempie McPherson, so-called "kidnaping" affair of three years ago. Furthermore, that Justice Hardy accepted a \$2,500 check from Mrs. McPherson to shut his ears to any other story than that the Holy Woman really was in the hands of her abductors in Mexican desert, at same time she was supposed to be with Ormiston. Modern College Youth As Serious Minded As of Old

Unexpected Comment in
Their Favor by Own
Deans.

The pocket flask, coonskin coat, tumbledown socks and futuristic flivver are not typical of the collegiate. Your typical college student is a serious-minded young man—or woman—who is particular about appearance and eschews these idiosyncrasies.

Such is the opinion of 300 college heads, according to Henry Grattan Boyls, dean of men at George Washington university, whose conclusions are based upon 300 replies received to questionnaires sent to 400 colleges and universities.

The "collegiate" of the stage and

the comic papers constitutes a negligible fraction of the whole American student body. These replies agreed. Opinion was about evenly divided as to whether there is any connection between the attempt to be "collegiate" and such problems as drinking and "necking."

Thomas A. Clark, dean of men at the University of Illinois, touched upon the drinking and "necking" phases, saying "necking is more open but not more common than it once was. I think there is less drinking than there was once in college."

Clarence W. Mendell, dean at Yale, expressed the belief that "there has been a great deal of exaggeration in many statements regarding the undergraduates of today," adding:

"I should say that among the undergraduates at Yale there is a certain amount of extreme behavior, but in general it does not show itself in dress. On the whole the undergraduates have pretty sane ideas although they naturally do a great many crazy things, but their extravagances are offset by a greater intellectual ability than that possessed by the graduates of a generation ago."

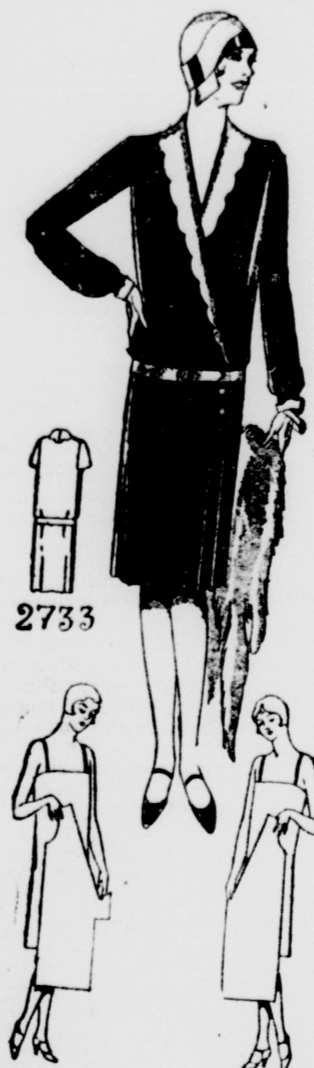

So more power to the modern col-

lege youth. He certainly "knows his deans" and has them rooting for him

PICTURE PATTERN

CHIC TAILORED SPORTS FROCK.

THE STYLE, sketched in black crepe satin uses interesting new color scheme in chartreuse green silk and crepe scalloped shawl collar cuffs and belt. The snug fitting hip-line also reveals a touch of this bright shade in metal button trim, above grouped plaits that ripple at each movement. Sheer tweed in tiny check pattern in greyish-blue with plain fallie crepe is decidedly wearable, for checks and sheer woolen is smartest idea for immediate and all Spring wear. Printed silk crepe also appropriate.

THE PATTERN of Design No. 2733 will enable the woman who sews to make this tailored model in about half the usual time, for it illustrates in Pictures in detail how each part is joined. It can be had in sizes 16, 18 years, 36, 38, 40 and 42 inches bust.

In ordering pattern clip the design shown or order by number, and be sure to specify the size you want. Write your name and address plainly, enclosing 15 cents and mail to Fashion Department, East Liverpool Review. From 7 to 10 days are required for delivery of patterns.

NEW FASHION BOOK containing all the Spring styles is 15 cents, but may be obtained for 10 cents if ordered with a pattern.

"Fitted with every convenience," Ludlow Castle, in England, with 16 bedrooms and a central heating plant, and part of which dates back to 1100, has recently been offered for rent at \$50 a week.

Will meet in the Son's Lodge room Sunday morning at 10:30 to attend services at the St. Stephen's church.

Washes, Carries Coal, Woman Gains 18 Pounds

"I wash, iron and carry coal and don't get tired since taking Vinol. Also, I have gained 18 pounds."—Mrs. S. Cortese.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds weight to thin children or adults. Tastes delicious. Carnahan's Drug Stores, East Liverpool and Newell—Adv.
